Tilton, Governor of the Home at Togus, Me., was accepted, and General Luther Stevenson, jr., of Massachusetts, was elected as his successor. Dr. S. K. Lowie, of Concord, was elected Surgeon of the Southern Home at Hampton, Va. The other business of the Board was of a routine character.

THE DREADED APACHES.

Further Details of the Fatal Indian Raids at Hermosillo.

The Cause of the Present Outbreak in Mexico—The Arizona Reservation Believed to be Secure From Attack—The Mexican Troops Useless.

EL PASO, TEX., April 18.—The Indian outbreak of 1883 is likely to be more fatal to life, more disastrous to property and more memorable in Mexican history than any since the Apache raids of 1878. The sickening details of the savages' work at Palmos ranch have just been received. The number of whites killed at Hermosillo is seventy-eight, so far as known, but a larger number are believed to have been massacred. General Crook and the Mexican General, Teneres, have been in consultation for several days in the vicinity of Nogales, Mexico. The country is rugged, and the war-like Apaches are scattered over hundreds of miles of territory. Their number probably does not exceed 400 all told. No one knows their exact strength and the mountainous country is very bad to penetrate with troops. The attack on Hermosillo was made by a marauding band, which tortured and murdered men, subjecting their bodies to indescribable indignities. The women fared worse. Juh's renegades, General Crook tells me, are the most devilish to their captives. But the Mexicans have always been the worst sufferers. The Indians have rarely gone as far North as the Arizona border.

Hermosillo is an old, old city, left from the days of the Spaniards, three centuries ago. Among the mesas, or tablelands, which at a distance seem to blend with the plains, though in reality rising far above them, flows a living stream, a rarity in the Southern country. Along its banks grow groups of palms and cactus, the guava and the India fig. In this little spot of vegetation was the Palmos ranch where the massacre began last Tuesday. No soldiers within hundreds of miles, and more women than men for victims. One or two who escaped and found General Carbo at Chihuahua, say that all the rest were murdered. Men were suspended by the wrists over ground fires and women stripped of their clothing were tied to stakes and made witnesses to the tortures of husbands and fathers. The Apache Chief, Juh, did not take part in the barbarities, but seems to have witnessed the atrocities or at least permitted them to go on.

About a year ago some 200 renegade Apache bucks, with their families, escaped into the Sierra Modere in Northern Mexico. From this hiding place they have made frequent excursions into the surrounding country, murdering and pillaging. Some time since General Carbo, of Chihuahua, moved on the region infested by these renegades with 2,000 Mexican soldiers. The Indians, under Jan and Loco, to divert attention, recently raided Arizona with twenty-eight braves, striking the neighborhood of Tombstone, and then reappearing in several places, evidently for the purpose of drawing recruits from the San Carlos reservation, but without success. Judge McComas and others were slain in this movement, and the Indians then returned into the mountain fastness of Mexico, losing one killed and one captured. All the depredations came from these Indians, but the frontiersmen made a pretext for charging the peaceable Indians on the San Carlos reservation with being guilty of the outrages.

Miners and cowboys, stimulated by interested parties who want an Indian war to get possession of rich pasturage and mining lands on the San Carlos reservation, threatened to attack it and kill the peaceable red men. General Crook has just telegraphed for the Indians on the reservation to protect themselves from such an attack, and he does not believe that there will be any uprising in Arizona of the Indians, even if they are attacked by frontiersmen. The only pending danger, he believes, is repeated raids by renegade Apaches in Mexico, against which Mexican troops are operating. As long as they are in a hostile attitude there will be danger, and investment and travel here is being seriously disturbed by the pending hostility. General Crook does not conceal that the situation is serious and that scattering prospectors and mining camps are in danger until the hostile Indians are subdued, but he denies that the friendly Indians are on the war-path or are likely to go.

Central American Earthquakes.

NEW YORK, April 18.—A Panama dispatch of April 6, says: On the 8th of March a sharp earthquake caused considerable damage at Carthage. Another shock at Tulbo was felt with great violence. Seven houses were destroyed. A strong earthquake was felt at Africa on the 4th.

A Fatal Kind of Salt.

ARKANSAS CITY, ARK., April 18.—Of six little negro children poisoned at Dermott Station, eighteen miles from here, last Friday, by using strychnine instead of salt at a play dinner they had cooked, four are dead. The others are likely to recover.

ENGLISH VENGEANCE.

Curley Convicted and Sentenced to Hang May 18.

A Barracks Blown up—Louise Michel Committed for Trial—Troubles on the Congo—Expelled from France.

Blowing Things Around.

LONDON, April 18.—An explosion of supposed dynamite has just occurred in a cellar under the barracks at Dover. The shock shattered the windows and tumbled down chimneys in every direction.

Louise Michel Committed for Trial. PARIS, April 18.—Louise Michel has been committed for trial. She will defend herself.

Another Suspected Conspirator.

LIVERPOOL, April 18.—A man named Eugene Kingston, said to be an invincible and connected with the Phoenix Park murders, has been arrested.

More Explosives.

LONDON, April 18.—A box said to contain explosives was found alongside the Cathedral at Salisbury last night. The Cathedral is now guarded by police.

Starvation in Ireland.

DUBLIN, April 18.—The complaints of terrible suffering and starvation throughout many counties and especially in the West district continue to reach not only the Lord Lieutenant, but the Premier. The suffering is known, so the Government agent says, to be due solely to the lack of proper food, and in many cases it has reached to almost absolute starvation. The food is as poor as it is scarce, and disease once started develops and spreads with great rapidity since the sufferers have nothing with which to build upon. To such an extent has the trouble grown in some districts, that the local Boards have passed resolutions attracting the attention of the Lord Lieutenant to the distress and to the great increase in fever cases, and asking that relief measures be taken.

Curley Sentenced to Hang.

DUBLIN, April 18.—On the resumption of the trial of Daniel Curley this morning, Adams began his argument for the defense. He decided that the evidence given by Kavanagh did not show that Curley was at Phoenix Park on May 6. His presence there, said Adams, was indicated by James Carey, who said Curley was in command, but Carey so swore to save his own neck. He was, doubtless, in command himself of the assassins.

Mr. Porter, Attorney General for Ireland, responded for the Crown. The Judge then charged the jury, and the latter retired. They soon returned and rendered a verdict of guilty of murder, and Curley was sentenced to be hanged.

DUBLIN, April 18.—The 18th of May is the date fixed for the execution of the condemned man.

M. Chastoploff Expelled from France.

PARIS, April 18.—The French Government has issued a peremptory order expelling M. Chastoploff from the country, after having him quietly placed under arrest and detained for some days. His offense was not a crime and not punishable under the law, and the action was taken solely to relieve the Government of a Socialist agitator, who presence in Paris was distasteful to it and annoying to Russia. The only charges proven against him was the possession of a package of money, on the wrapper of which was a print of a Nihilistic seal. In expelling him the Government is carrying out the same policy which it did in the secret arrest of M. Wiethe, who was in prison for five days before his friends knew of his confinement. He was then expelled from the country. M. Chastoploff's expulsion is made under cover of the law of 1840. The Anarchists have made both of these cases an excuse for many meetings at which they have indulged in wholesale denunciations of what they allude to as the Bourgeois Republic Government.

Increasing Troubles on the Congo.

LONDON, April 18.—The troubles on the Congo increase, and threaten to involve all the other races which have interest there as well as the French and natives. Portugal has taken alarm, and the Portuguese Governor, whose province lies south of the Congo, has been obliged to ask for assistance from the home Government to place him in a position which, at the best, can be only of armed neutrality. The Government has shown no inclination to interfere, but a Portuguese corvette has been sent down the coast, and will be followed by one of the new gunboats. This will make Portugal as strong in armament as any power on the west coast.

The French have not been idle, and have taken possession of Louango, to the north of the Congo, where there is an excellent port, and have possession of Portanegra.

There is a great deal of danger that a conflict will be brought on between the French and Stanley's parties, who are on the river and even an accidental meeting may at any time precipitate hostilities.

Cowardly Policemen.

OTTAWA, April 18.—Four shots were fired about midnight at a policeman on duty at Rideau Hall. A detachment of Toronto police are on duty there, and they dared not leave the building, as it was thought the shots were intended as a decoy. After firing the individual took to the bush, and has not yet been captured. An extra guard was on duty at the time, and it was subsequently strengthened.

Robbed of \$3,000.

ROCK ISLAND, ILL., April 18.—A German and his wife were held up by two robbers, last night, in a car of the Burlington Road as it was leaving the depot, and robbed of \$3,000. The thieves then jumped from the car and escaped.

Found With His Skull Crushed.

MORRISTOWN, N. J., April 18.—Daniel Deggin was found dead with his skull crushed, near Milford, yesterday. He is supposed to have been murdered in a drunken brawl. Tom Coon and Peter Galligan, companions, are lodged in jail on suspicion.

A TWO MILLION FAILURE.

The Liabilities of Jas. Marshall & Co., Pittsburg, Much Greater Than First Reported.

PITTSBURG, Pa., April 18.—The absorbing topic of conversation here in business circles is the failure of Jas. Marshall & Co. The full extent of the disastrous crash was underestimated at first rather than overdrawn, and as later development are made, the total amount of liabilities reach almost \$2,000,000, about \$300,000 of which is unsecured. The fact that the largest portion of these liabilities are secured by collateral is, of course, a relieving feature of the unfortunate affair, as it secures the heaviest creditors against loss. Some fear is entertained in other directions, however, but is pronounced groundless by competent persons. It is thought that the vast quantity of pig-iron—nearly 60,000 tons—in storage in the name of the insolvent firm may be thrown on the market by forced sales, and that the weak iron market will be badly broken, possibly affecting one men and others. This fear is not shared by the assignee (Whitney) or some iron men who were spoken to upon the subject. They believe that the banks, which are the holders of certificates on this iron, will pursue a conservative policy and sell the iron gradually, and in such quantities as not to injure trade.

The list of the unsecured creditors and the amount of their loss was made public to-day. The heaviest losers are: Mark Watson, a brother-in-law of James Marshall, who indorsed notes for \$120,000; Hogsett, Hanna & Co., insurance men of Fayette county, \$95,000; Marshall Bros., of Philadelphia, \$82,000, and \$75,000 divided among the Fair Chance Furnace Company, of Uniontown, Pa.; Fayette Brown, receiver of Brown, Bonnell & Co., of Youngstown, Ohio; the Dunbar Furnace Company, of Fayette county, Pa., and the Rockhill Furnace Company, of Ohio.

A JAILER IN LUCK.

The Custodian of the Handsomest Woman that Ever Graced a Cell—Probably.

ST. LOUIS, April 18.—The quiet little village of Briar Hill, Ill., on the Pittsburg road, was thrown into great excitement yesterday when Deputy Sheriff Ragland and Hugo Ronpique, jun., from this city, arrived in town, and arrested John Boswell, and his supposed wife, Miss Julia Ryan, for adultery. The couple had lived there only six weeks, and were deemed the handsomest pair in town. No one supposed that there was anything wrong in their relations until the officers brought a warrant for their arrest, made at the instance of Mrs. Catherine Ryan, of Kewanee, Ill., mother of Miss Ryan. She says that Boswell has a wife and three children living in Kewanee, whence he had fled with her children.

Miss Ryan is about twenty-seven, and the best looking boarder the jail has had for some time.

"NOT GUILTY."

Is the Verdict the Jury Found in the Case of George Scheller, Charged with Burning the Newhall House, at Milwaukee.

MILWAUKEE, April 18.—The counsel in the case of George Scheller, on trial for arson in connection with the burning of the Newhall House, and the city's attorney, finishing their addresses to the jury. Judge Mallory gave his charge, saying the prisoner should have the benefit of any doubt. The jury retired, and after deliberating two hours, brought in a verdict of "not guilty." The court-room rang with applause when the verdict was announced, and Scheller's wife wept for joy. The result was generally expected. The cause of the horrible tragedy in which one hundred persons perished will ever remain a mystery.

IMPORTANT TO LAWYERS.

A Florida Lawyer Disbarred for Having Taken Part in a Lynching.

WASHINGTON, April 18.—A decision was rendered by the Supreme Court of the United States yesterday in the disbarment case of J. B. Wall, brought here on a petition of mandamus from the United States District Court for the Southern District of Florida. Wall, the petitioner, was disbarred, and forbidden to practice in the United States District Courts of the district above mentioned, for having taken part in lynching a prisoner named John, who was in jail at Tampa, Fla., awaiting trial on a charge of rape.

The petitioner asks for a writ of mandamus to compel the United States District Judge to restore to him the rights and privileges of an attorney in said court, on the ground that his disbarment without due trial and conviction for crime, was unconstitutional and void. This court, in an elaborate opinion by Justice Bradley, holds that while there is no settled and inflexible rule for the regulation of procedure in cases of this kind, the Federal courts may, in their decision, disbar any attorney who has been guilty of conduct of such a nature as to bring disgrace and scandal upon the court, whether he had been duly tried under the criminal laws of the State or not. The petition for mandamus is, therefore, denied. Justice Field read a dissenting opinion.

A CONFIDING WIDOW.

She Yielded Up Herself and Property to Mr. Long and Came off Short.

CLEVELAND, O., April 18.—A flashily dressed man, named A. C. Long, came here some months ago, and represented that he was a man of wealth and owned a large hotel at Charlevoix, Mich. He wanted a wife that had money, and could "boss" his hotel. Mrs. Mary A. Peet, a well-to-do widow, caught at the bait, and the couple were married a few short months ago. Immediately after the wedding Mr. Long was in a hurry to go to Michigan; so he packed up the household goods and personal property of considerable value, belonging to his newly found wife, and shipped them. He also took several hundred dollars in money and valuable jewelry belonging to the woman. He left with the goods, with the intention of coming back for his wife in a few days. Nothing has been heard of him since, and the deserted wife is confident that he was a rank fraud. She applied for a divorce in the Common Pleas Court to-day.

CAPITAL AND LABOR.

A Strike in the Co-operative Store Company's Works, Cleveland.

CLEVELAND, O., April 18.—Several years ago a strike occurred at the works of the Co-operative Store Company, and several men were killed. Since that time there has been some trouble, but nothing serious. Three non-union workmen were hired last week. The union men who control the works asked that they be discharged, and ordered the scabs to quit work.

The non-union men refused to quit and the company refused to discharge them. Last night, as a result of this refusal, forty-eight journeymen molders and about a dozen apprentices threw up their situations and refused to return to work until the non-union men were discharged. The stove company refused to make any compromise and say they will hire whom they please. The firm thinks the works can remain idle for a few weeks without any serious damage to their business. Trouble is threatened between the strikers and non-union men.

May Have Been Suicide.

CLEVELAND, O., April 18.—The body of a middle aged man, with two bullet holes in his head, was found at the foot of Gordon avenue, on the West Side, yesterday afternoon. A short distance from the body was found a seven-shooter with three chambers empty. The man was recognized as John Murray, a widower, fifty-four years of age, who lived at 128 River street. He had been employed for some time past in the city gas-works. The body was neatly dressed, and the pockets contained nothing but some tobacco and a razor. It was at first thought to have been a case of murder, but the Coroner decided that death was caused by suicide. Murray leaves one grown up son, who lives in the city. It is said he had been drinking heavily of late.

Too Bad, Too Bad!

NEWCASTLE, PA., April 18.—Yesterday, one of the most prominent business men in this city and a deacon in the Presbyterian Church, was arrested, charged with committing a rape on the person of Mrs. Mary Hinckson, a wealthy widow, aged forty. Mrs. Hinckson lives in elegant style in a summer home on a farm belonging to Falls, for which she pays rent. She claims that the crime was committed on the evening of April 8, when she was alone in the house. Falls had a hearing before a magistrate to-day, and the testimony showed that he was guilty of the crime as charged. He was accordingly held for trial and was released on \$1,000 bail.

THE empty honor of the Republican nomination for the Presidency does not seem to be eagerly sought for. Even Gresham, who was almost unknown until a few weeks ago, has declined it.

THE Democratic Executive Committee of Lewis county has sent out a circular appealing to the State Democracy in behalf of Mr. H. K. Taylor, as a candidate for Superintendent of Public Instruction.

THE coronation of the Czar of Russia has again been postponed. It is now announced to take place on the 15th of June. The fright that caused the delay originated out the activity of the Nihilists and the recent discovery of their plots.

THE Frankfort Yeoman asks what kindred was Selucius Garfield, recently deceased, to the late President Garfield. The writer of this a few years since asked Selucius Garfield that question and his answer was that they had conferred on that subject, and while they could not directly trace the relationship, they both believed that it existed.

THE following is from the Washington correspondent of the Cincinnati Enquirer: The hosts of friends of ex-Congressman Thomas L. Jones, of Kentucky, made in this city during his very creditable and honorable public service, are pleased to hear that the mantle of Kentucky's executive cares are liable to fall on the Colonel's shoulders. The Democracy of Colonel Jones, when a Representative in Congress, was so unadulterated and sincere, that in contrast with some of the latter-day spurious article, it shines like real gold. Doubtless Colonel Jones would shine equally as Kentucky's governor, and if so it would be a warranty deed that Kentucky had chosen to rule her proud Commonwealth, a scholar, a gentleman and a sterling Democrat.

The most despicable government in Europe in one particular is that of Italy under Hubert, the son and successor of Victor Emanuel. It is a matter of recent and well-known history that it was owing to the powerful intervention and aid of France under Louis Napoleon that the most valuable portions of Italy were rescued from the long and oppressive dominion of Austria. Yet, no sooner was this accomplished than the Italian Government began manifesting a restive ingratitude to France and in the terrible contest of France with Prussia it was understood that the sympathies of the Italian Government were with the latter. And now it is published that Italy has joined with her late oppressor and Prussia in an alliance against France. Such base ingratitude ought to be held up as infamous, to the public opinion of the civilized world, especially as France is now a Republic.

PRESTONBURG, in Floyd county, although one of the oldest town in the State and a moral and intellectual place, has never had a church.

THE Kentucky Pharmacist's Association meets at Lexington on the 22nd of May and not on the 15th as heretofore stated.

Chicago Suicides.
CHICAGO, April 18.—Baker Born, a middle-aged saloon keeper, committed suicide to-day by jumping into the lake at the foot of Goethe street. James Grogan also attempted suicide by the lake route, but was fished out of the water by some firemen, and resuscitated. Suicides have been abnormally prevalent for the past month.

The Terror of Hard Times Landing.
SHREVEPORT, LA., April 18.—Robert Crawford, an inoffensive fisherman, living near Hard Times Landing, was brutally murdered last night by a lot of negro gamblers. A few days before, a German named Keisner was assaulted and horribly maimed by having both eyes put out by this same gang.

Indians in New Mexico.
ALBUQUERQUE, N. M., April 18.—Intelligence from Belen says that a band of Apaches has been seen near Manuquito Otero's ranch, in Valencia county, 150 miles from Belen. Otero sent a courier to Belen for thirty armed men, and they started immediately for the ranch.

Kicked by a Mule.
St. Louis, April 18.—Tom Allen, the pugilist, had a row in his saloon to-day with a Pennsylvanian who goes by the name of Billy Edwards, but who is no relation to the famous light weight. In the course of the controversy Allen hit Edwards in the jaw, knocking his teeth out and driving them through his left cheek.

The Edmunds Bill Ignored.
SALT LAKE, UTAH, April 17.—The April term of the Third District Court has begun in this city. No regard was paid to the Edmunds bill in the impaneling of a grand jury, and none will be paid to it in making up the petit jury.

Texas Law and Order.
AUSTIN, TEX., April 18.—The citizens of Lasalle county wired Adjutant General King that lawless individuals threaten the District Court there. General King ordered the Rangers there.

Use of Phosphates.
Cincinnati Commercial.
I see in your last issue "Uncle Fuller" wishes some one not connected with the sale of superphosphate or bone dust to tell his experience in regard to its use—whether it supplies a lack, or want, or deficiency in the soil, or only stimulates the soil so that it is the sooner exhausted. When phosphates were first introduced here, many claimed the same thing of them, but it was always from those who had never used them. No one in this vicinity now claims any such result from their use.

I was the first in this part of the county that used phosphates. I have used two tons a year for several years; I have used it with wheat, corn, potatoes, onions, vines, all kinds of garden vegetables and nursery trees. The phosphate has proved profitable in every place in which I used it. When used on corn it not only makes a very much larger crop but at least two weeks earlier. I have frequently seen its good effect continued several years. Under my observation, after it has doubled several crops in succession, it has helped the grass equally well for years. My farm is naturally good and has not been reduced, so I do not think it pays me as well as it does those on poor, worn out farms. A farm near me was so reduced a few years since that grass seed would not grow. But the use of phosphates it now produces as good crops as any in the township. Phosphate and ground bone re-tore to the soil the bone quality taken from it by the sale of butter, cheese and beef for many years past—John V. Whitney.

NEW FIRM,

THE DAILY BULLETIN.
THURSDAY EVE., APRIL 19, 1883.

EVERY time a brick goes down,
Or when a timber falls,
Our heart beats quick, because, you know,
There's whisky in the walls.
We haven't got solitude
For relic or for token;
We only have the earnest hope
That brown jug won't be broken.

COOPER's attorneys will ask for a new trial.

FREIGHTS by rail and river are as low as the most exacting could expect.

COL. R. S. STRADER, of Lexington, will start all the races at the meeting in May.

REV. S. H. CHESTER, of Charlotte, N. C., will preach at the Baptist Church next Sunday morning and evening. All are invited.

SIXTEEN thousand pounds of tobacco belonging to W. A. Logan, of Nicholas county, were recently destroyed by fire. The loss was \$1,500.

The jury in the Cooper case stood at one time five for murder in the first degree and seven for manslaughter. They had the case under consideration eight days.

CLERK W. W. BALL left on Tuesday, on a combined business and pleasure trip—to visit friends at Vanceburg and to view his extensive plantations in Lewis county.

Mr. Robert Humphreys, of Lewisburg, who is now in his eighty-eight year, was in Maysville yesterday for the first time in six months. He is enjoying good health and bears his age well.

The case of Joe Redmond for killing Wm. Secrest will be tried at the present term of the Bourbon Circuit Court. Hon. W. H. Wadsworth, of this city, has been employed to defend Redmond.

A PROMINENT business man of Louisville, who was here one day this week, says that outside of that city Maysville has the appearance of being the most prosperous and enterprising town in the State. His views are certainly correct.

A FIRE broke out in the second story of the Barcroft restaurant on Front street this morning, but it was extinguished before any serious damage was done. The fire department was on hand but its services were not needed.

THE BULLETIN has secured a relic from the old market house in the shape of a wooden quarter-peck measure. It was found under the roof and has carved on it the letters "J. B." Do any of our older citizens know whose name the initials represent?

MR. GEORGE ORT, JR., advertises elsewhere the "Perfection Boot Cleaner," which is a new and useful article. It is both a door mat and foot-scraper and effectively cleans the mud and dirt from both sides and sole of the boot. The price is only \$1.50.

DR. H. E. GUERRANT, the distinguished Evangelist, was in Maysville to-day on his way to Washington, where a protracted meeting is in progress. The writer of this, who was his comrade during the war, happens to know that he was as good a soldier as he is a preacher.

THE third quarterly meeting will be held at the M. E. Church, South, next Sunday. Rev. J. W. Fitch, presiding elder, will officiate. There will be no services on Saturday. The ordinance of communion will be administered after the morning service on Sunday.

MR. M. C. HUTCHINS, attorney for Mrs. Francis B. Lashbrooke, widow of the late Peter Lashbrooke of this county, has procured for her a pension of \$8 a month, to date from Sept. 4, 1882. The pension was granted on account of her late husband's service in the war of 1812.

THE grand jury has reported an indictment for murder against William Bradbury and one for feloniously breaking into an outhouse used with a dwelling and stealing therefrom, against William Smith, colored. The jury was discharged yesterday afternoon.

THE jury in the Cooper case finding their confinement rather irksome tried to get up a game of cards for amusement, but being entirely ignorant of how it was done, had to call in John Alexander, Chan. Jefferson and Dan Perrine to explain the mysteries of euchre, who did it to their entire satisfaction.

To Advertisers.

In order to circulate the DAILY BULLETIN on the Fair Grounds during the races next month, the BULLETIN has bought all the advertising privileges and controls them exclusively. During the four days of the meeting which begins on the 15th of May, the daily edition of the BULLETIN will be one thousand and a large part of this number will be distributed on the grounds. Advertisers will see the advantages the BULLETIN offers as a medium for reaching the ears of the vast number of strangers who will be in the city at that time. The rates for advertising in the mean time will not be changed.

PERSONALS.

Mrs. Mary Clark, of Indianapolis, Ind., is visiting friends in Maysville.

Mr. Telephus Hickman, formerly of this city, is the guest of the family of Mr. M. W. Coulter.

Mr. John Allen, formerly of Aberdeen, but now of Emporia, Kansas, is visiting his friends at the former place.

Mr. and Mrs. Thomas M. Green have gone to Richmond, Va., to visit their friends. They will remain there for several weeks.

Mr. Charles R. Bacon, manager of the Hazel Kirke Combination, is not only one of the best in the country, but also an accomplished and agreeable gentleman.

The following is from the Vanceburg Courier: Messrs. Sparks and Mitchell sold their county seat on Briery to W. H. Means, of Maysville. Mr. M. will cultivate acquaintances first and then sow a crop of hoop-poles.

THE presentation of Hazel Kirke at the Opera House last night was witnessed by the largest audience that has assembled there this season and was fully up to public expectation in all respects. The part of Hazel Kirke, by Miss Laura Alberta, was an exquisitely neat piece of acting by a graceful and beautiful woman. Mr. Hagan, as Dunstan Kirke, admirably represented the irascible old miller, and Mr. Poulette, as Pittacus Green, and Mr. Davenport, as Met Wiggins, were also very good in their respective parts. Altogether the company was one of the best that has visited Maysville for some time past and the play one of the most interesting. Mr. J. J. Moylan, the pianist and musical director of the troupe, received several deserved encores.

A STEAMER to be called the New Lancaster is building at Cincinnati to take the place of the W. P. Thompson in the Chilo and Cincinnati trade. She will be a stern-wheel boat 180 feet long, 30 feet beam and 4½ feet hold. The cabin will have ten rooms on a side with elegant saloons fore and aft. This boat is expected to run in twenty inches of water and to be very swift.

PERFECT soundness of body and mind is possible only with pure blood. Leading medical authorities of all civilized countries endorse Ayer's Sarsaparilla as the best blood-purifying medicine in existence. It vastly increases the working and productive power of both hand and brain.

SUBSCRIBE for the DAILY BULLETIN. It will be delivered by carriers any where in the city for 25 cents a month.

REV. J. W. WARDER, of Louisville will preach at the Baptist Church to-night (Thursday) at 7.30.

COUNTY POINTS.

STONE LICK. Elder J. H. Wallingford will preach at the Pleasant Hill meeting house Saturday evening at two o'clock and Sunday.

They old Stone Lick meeting house has been torn down.

A new bridge is being built on the Cabin Creek turnpike.

Mrs. J. H. Wallingford will visit her mother, who is living near Winchester the first of May.

Nannie Calvert was at meeting at Mt. Gilead Saturday and Sunday, also Misses Annie Layman and Belle Tolle.

The meeting at Mt. Gilead was well attended both Saturday and Sunday.

The funeral of the babe of Mr. Joshua Reese was preached Monday from the words of Christ: "Father I have flushed the work thou gavest me to do." It was interred in the Shannon cemetery.

At an entertainment given recently there were representatives of four generations present.

Two young men of Orangeburg had a wrestling match, the one getting the worst of it though he could whip the other, friends interfering they were separated.

An accomplished and talented young lady of Mayslick says Reporter don't have as much news as formerly. Now, Miss M—, just say yes to a certain young gentleman and we would have one more item at least.

A couple of our neighbors had a dispute over a fence rail, both claiming it and both pulled at it but one had to give up as the rail would not pull in two.

Mr. Ten Bean has been very poorly under the doctor's hand. Over work was the cause,

THE BAD BOY.

Peck's Sun.

"Well, how is the baby," asked the grocery man of the bad boy, as he came into the grocery smelling very "horsey," and sat down on the chair with the back gone, and looked very tired.

"O, darn the baby. Everybody asks me about the baby as though it was mine. I don't pay no attention to the darn thing, except to notice the foolishness going on around the house. Say, I guess that baby will grow up to be a fire engine. The nurse coupled the baby on to a section of rubber hose that runs down into a bottle of milk, and it began to get up steam and pretty soon the milk began to disappear, just like the water does when a fire engine couples on to a hydrant. Pa calls the baby 'Old Number Two.' I am 'Number One,' and if pa had a hook and ladder truck and a hose cart and a fire engine he would imagine he was chief engineer of the fire department. But the baby kicks on the milk wagon milk, and howls like a dog that's got lost. The doctor told pa the best thing he could do was to get a goat, but pa said since we 'nished him into the Masons with the goat he wouldn't have a goat around no how. The doc told pa the other kind of a goat, I think it was a Samantha goat he said, wouldn't kick with it's head, and pa sent me up into the Polack settlement to see if I couldn't borrow a milk goat for a few weeks. I got a woman to lend us her goat till the baby got big enough to chew beef, for a dollar a week, and paid a dollar in advance, and pa went up in the evening to help me get the goat. Well it was the darndest mistake you ever see. There was two goats so near alike you couldn't tell which was the goat we leased, and the other goat was the chum of our goat, but it belonged to a Irish woman. We got a bed cord hitched around the Irish goat, and that goat didn't recognize the lease, and when we tried to jerk it along it rared right up, and made thinks real quick for pa. I don't know what there is about a goat that makes it get so spunky, but that goat seemed to have a grudge against pa from the first. If there were any places on pa's manly form that the goat did not explore, with its head, pa don't know where the places are. O, it lammed him, and when I luffed pa got mad. I told him every man ought to furnish his own goats, when he had a baby, and I let go of the rope and started off, and pa said he knew how it was, I wanted him to get killed. It wasn't that, but I saw the Irish woman that owned the goat coming around the corner of the house with a cistern pole. Just as pa was getting the goat out of the gate the goat got cross ways of the gate, and pa yanked, and doubled the goat right up, and I thought he had broke the goat's neck, and the woman thought so too, for she jabbed pa with the cistern pole just below the belt, and she tried to get a hold on pa's hair, but he had her there. No woman can get the advantage of pa that way, 'cause ma has tried it. Well, pa explained it to the woman, and she let pa off if he would pay her two dollars for damages to her goat, and he paid it, and then we took the nanny goat, and it went right along with us. But I have got my opinion of a baby that will drink goat's milk. Gosh, its like this stuff that comes in a spoiled coconut. The baby hasn't done any thing but blat since the nurse coupled it onto the goat hydrant. I had to take all my play things out of the basement to keep the goat from eating them. I guess the milk will taste of powder and singed hair now. The goat got to eating some Roman candles me and my chum had laid away in the coal bin, and chewed them around the furnace, and the powder leaked out and a coal fell out of the furnace on the hearth, and you'd a dide to see pa and the hired girl and the goat. You see pa can't milk nothing but a milk wagon, and he got the hired girl to milk the goat, and they were just hunting around the basement for the goat, with a tin cup, when the fireworks went off. Well, there was balls of green, and red, and blue fire, and spilled powder blazed up, and the goat just looked astonished, and looked on as though it was sorry so much good fodder was spoiled, but when its hair began to burn, the goat gave one snort and went between pa and the hired girl like it was shot out of a cannon, and it knocked pa over a wash boiler into the coal bin, and the hired girl in amongst the kindling wood, and she crossed herself and repeated the catekism, and the goat jumped up on top of the brick furnace, and they couldn't get it down. I heard the celebration and went down and took pa by the pants and pulled him out of the coal bin, and he said he would surrender, and plead guilty of being the biggest fool in Milwaukee. I pulled the kindling wood off the hired girl, and then she got mad, and said she would milk that goat or die. O, that girl has got sand. She used to work in the glass factory. Well, sir, it was a sight worth two shilling admission, to see that hired girl get up on a step ladder to milk that goat on top of the furnace, with pa sitting on a barrel of potatoes, bossing the job. They are going to fix a gang plank to get the goat down off the furnace. The baby kicked on the milk last night. I guess besides tasting of powder and burnt hair, the milk was too warm on account of the furnace. Pa has got to grow a new lot of hair on that goat, or the woman won't take it back. She don't won't no bald goat. Well, they can run the baby and goat to suit themselves, 'cause I have resigned. I have gone into business. Don't you smell anything that would lead you to surmise that I had gone into business? "No drugstore this time," and the boy got up and put his thumbs in the armpoles of his vest, and looked proud.

"O, I don't know as I smell anything,

except the faint odor of a horse blanket. What you gone into anyway," and the grocery man put the wrapping paper under the counter, and put the red chalk in his pocket, so the boy couldnt write any sign to hang up outside.

"You hit it the first time. I have accepted a situation of teller in a livery stable," said the boy, as he searched around for the barrel of cut sugar, which had been removed.

"Teller in a livery stable! Well, that is a new one on me. What is a teller in a livery stable," and the grocery man looked pleased and pointed the boy to a barrel of seven cent sugar.

"Don't you know what a teller is in a livery stable? It is the same as a teller in a bank. I have to grease the harnesses, oil the buggies, and curry off the horses, and when a man comes in to hire a horse I have to go down to the saloon and tell the livery man. That's what a teller is. I like the teller part of it, but greasing harness is a little too rich for my blood, but the livery man says if I stick to it I will be governor some day, cause most all the great men have began life taking care of horses. It all depends on my girl whether I stick or not. If she likes the smell of horses I shall be a statesman, but if she objects to it, and sticks up her nose, I shall not yearn to be governor, at the expense of my girl. It beats all, don't it, that wimmen settle every great question. Everybody does everything to please wimmen, and if they kick on anything that settles it. But I must go and umpire that game between pa and the hired girl and the goat. Say, can't you come over and see the baby? 'Taint bigger than a small satchel," and the boy waited till the grocery man went to draw vinegar when slipped out and put a sign written on a shingle with white chalk, "yellow sand wanted for maple sugar."

No Faith in Lawyers.

A St. Louis juror was taken sick in the court room, but was not excused. It was mentioned by an attorney, who said he had tried the remedy, that peppermint and whisky was good, and this was ordered by the bailiff. The juror refused to take the prescription, saying he had little faith in doctors, and none in lawyers.

SIMMONS'

MEDICATED WELL-WATER.

A Specific for Dyspepsia and Dis-
eases of the Kidneys.

HAS been used with most gratifying suc-
cess in many obstinate cases. Prof. F. W.
Clark, professor of Chemistry at the Uni-
versity of Cincinnati says this water "belongs
to the same class with that of the Allegheny
Springs, of Virginia," the medicinal virtues
of which are too well known to be stated here.
Those who desire to try this famous water
are referred to Captain C. W. Boyd, Levanua
Ohio; Captain C. M. Holloway, Cincinnati;
Ordo J. J. Ralpe, Cincinnati, Ohio. For sale
in half barrels and jugs by

WITHOUT CAPITAL.

A Wildcat Insurance Company in Missouri that is to be summarily squelched.

St. Louis, April 18.—C. P. Ellerts, of St. Louis, attorney of the State Insurance Department, is about to begin proceedings against the Mutual Benefit Association, of Sedalia, for attempting to carry on the life insurance business in violation of the State laws. This company was organized in January, and almost immediately fell under the condemnation of the Insurance Department. Superintendent Williams says:

"It is, in plain English, a life insurance company without capital, and has no authority to do business in Missouri. Its own leaflet condemns it. It puts the total extreme cost of membership at \$230, and yet at the end of ten years for \$230 paid they promise to give you \$1,000. The experience of centuries proves this to be impossible. No lapses can fill this gap. The whole history of life insurance in this country and Europe proves the fallacy of such a promise."

Last year the Attorney General of Pennsylvania crushed out 217 wildcat insurance companies, but not until they had robbed the people of millions of dollars. The swindlers, driven out of that State, came West, and some of them are trying to get a foothold in Missouri. Superintendent Williams declares his intention to wage a vigorous war upon them all along the line, and calls upon the press of the State to aid in the work. As soon as Lawyer Ellerts is done with the Sedalia concern, measures will be instituted against the so-called insurance companies conducted on the confidence plan. No action will be taken against any bona fide benevolent or charitable association insuring its members on the mutual plan, as was done some years ago. The Legislature in 1881 enacted that such associations shall not be subject to the general insurance laws of the State. Under this enactment the Masons, Odd Fellows, Legion of Honor, and other societies having insurance as an incidental feature, are exempted from the conditions placed upon companies organized to carry on the business of life insurance, pure and simple. It is learned to-day that half a dozen companies, in different parts of the State, will be prosecuted. They, as well as the Sedalia concern, have failed to give the proper guarantees of soundness, and unless they can be stamped out the swindlers perpetrated upon unsuspecting people may run into the hundreds of thousands of dollars. The career of the "graveyard" insurance companies in Pennsylvania, and of the matrimonial endowment sharks in some of the Southern States, proves that there are always plenty of people ready to take in an alluring bait, even though the hook is plainly visible.

BIG PRAIRIE FIRES.

Much Damage to Property, and Three Lives Lost in Nebraska.

LINCOLN, NEB., April 18.—For the past five days prairie fires have raged throughout this section, causing vast destruction of property. At night the skies are grandly illuminated for miles with the conflagration, which is extending in all directions. In Seward county three men lost their lives. Being hemmed in by the flames, and breathing the hot smoke caused their death. Ten thousand acres of farming and grazing land has been burned over, and buildings, fences, stacks of hay, and other property destroyed valued at \$100,000. Several families have been rendered destitute by the sweeping flames, having all their property destroyed and being compelled to flee for their lives. Stock men have suffered heavy losses.

Smallpox at Indianapolis.

INDIANAPOLIS, April 18.—Fourteen cases of smallpox, two doubtful, and six in the pest-house, were reported as including all the cases in the city and West Indianapolis, but it was estimated that there had been 200 exposures, and the City Board of Health in session to-day in conjunction with committees of the City Council, appointed Dr. Henthorne as regular Superintendent of the Pest-house, and also as having in charge the isolated cases. The Board of Health has taken measures to prevent the further spread of the disease. The "scare" west of the river is pretty general on account of exposures that have occurred by reason of contact with households where cases of smallpox have since developed.

"Anywhere, Anywhere Out of the World."

CHICAGO, April 18.—The dead body of a beautiful young lady was found floating in the river to-day and was taken to the morgue. A gentleman identified her as Miss Emily Seymour, and said she had three weeks since come on from some Eastern city to search for friends. She was richly attired in black silk, and had a breastpin in the form of a key. She was encoined at the time of her death.

An Invalid Widow's Suicide.

SHELBYVILLE, IND., April 18.—A special from Homer, Rush county, states that Mrs. Hefflin, a lady of that village, aged sixty years, committed suicide by hanging herself in her house. She had been an invalid for years, and this is doubtless the cause of her rash act.

A Brakeman Killed.

WELLSVILLE, O., April 18.—A brakeman named Pollock, while attempting to get on a train here to-day, was thrown to the ground, receiving injuries that will result fatally. His head was terribly cut, and his right arm cut off at the shoulder.

Cigar Packers on a Strike.

CINCINNATI, April 18.—The cigar packers at their meeting last evening rejected the proposition of the manufacturers to give them an increase of five cents per thousand for packing cigars, and resolved to quit work to-day, which they have done. Following is the scale of prices demanded, to go into effect at the same time the reduction of taxes authorized by Congress takes place, on the 1st of next May.

Loose Packing—All seed work, 13 cigars, or less, on top, per M: For 1-20, \$1.20; for 1-10, \$1.

All seed work containing more than 13 cigars on top, per M: For 1-20, \$1.10; for 1-10, \$1.05.

Seed and Havana, per M: For 1-20, \$1.40; for 1-10, \$1.25.

Clear Havana, per M: For 1-20, \$1.55; for 1-10, \$1.35. All 1-40 or 1-80, 5 cents each.

Bundle Work—Seed, mixed, or tipped: 100 in a bundle, per M. \$1.25; 50 in a bundle, \$1.40; 33 in a bundle, \$1.50; 25 in a bundle, 1 ribbon, \$1.90; 10 or 12 in a bundle, 1 ribbon, \$2.75.

All bundles having more than one ribbon, 10 cents for every additional ribbon.

All seed and Havana, and clear Havana bundle work 10 cents per M above seed prices.

Block pressing, tag work, right and left, 10 cents extra per M.

The Ohio Legislature.

COLUMBUS, O., April 17.—It has leaked out from confidential sources that Governor Foster is in favor of recinding the resolution to adjourn, in order to carry through the Warren police bill. Speaker Hodge is said to be also in favor of it. To-night he announced that heretofore it had been customary to adjourn sine die on Mondays, in order to allow the clerks time to fix up their work, but that owing to prejudice in the present Legislature against Sunday labor, they had chosen another day, and that unless the resolution is recinded there can be no general work done later than noon, or say 3 o'clock to-morrow. There is no possibility of the police bill going through in that time, but since Foster has spoken in its favor, it is more than likely that there will be no adjournment before Saturday or Monday, and that the police bill and some other matters will pass before the close.
